Plan your Spring and Summer Visits Now!

While we're still enjoying snow, the season is slipping away, and spring is just around the corner. This would be a great time to get out your calendar and block out some time for a trip Downeast (or some quality time outdoors if you're lucky enough to be here already).

To plan your trip, or for a new idea, take a look at our **Visitor's Guide**. A canoe trip journal we just added may help if you're ready to try our **Downeast Lakes Water Trail** campsites.
