Geocaching Land Use Policy for DLLT lands

Geocachers are welcome on DLLT land.

Geocaches may be placed on Downeast Lakes Land Trust property only under permits issued by the Downeast Lakes Land Trust. Failure to adhere to this policy may result in the removal of caches.

Those placing or searching for geocaches are expected to follow Maine State laws, treat the land with respect and care, and to behave in a way that avoids endangering others or causing damage to roads, trails, watersheds, or wildlife habitat. Abuse of the land is prohibited. Please park safely without obstructing roads or trails.
