## **Forests and Lakes – For People – Forever**

### ***Gravel Stumpage Policy***

- Gravel may be provided at no charge to camp lot owners or occupants adjacent to the fee lands of DLLT, for use on camp access roads on DLLT ownership. Location of gravel use must be approved by DLLT.
- If permit is issued to a contractor, contractor shall be obligated to inform the customer that gravel was provided at no charge by DLLT.
- Gravel may be sold to camp lot owners or occupants adjacent to the fee lands of DLLT, for use on camp driveways, general camp maintenance, and construction outside of DLLT ownership.
- The cost of gravel, until determined differently by the Board, shall be \$2.00 per yard.
- Gravel shall be available only from areas authorized by DLLT and pursuant to permits issued by DLLT specifying quantities, equipment that may be used, and other requirements deemed by DLLT to be necessary and/or advisable.
- The gravel sale program shall be administered by Downeast Lakes Land Trust, subject to the direction of the Forestry Resource Committee.
- Sales of gravel for purposes other than those specified above and/or for quantities larger than those specified above shall be considered on a case by case basis by the Forestry Resource Committee and subject to ratification by the Board.
