Forests and Lakes – For People – Forever

Hunting & Wildlife Viewing Equipment Policy for Downeast Lakes Land Trust land

Approved Nov. 19, 2013

DLLT welcomes public use of its land, including hunting and wildlife viewing in accordance with Maine State laws and hunting regulations.

DLLT allows the use of portable tree stands, ground blinds, and automated game or trail cameras for legal hunting activities or for wildlife observation and photography.

All equipment not attended by an owner must be plainly labeled with tag providing the name, address, and telephone number of the owner or owners. On all equipment other than cameras, the tag must be 2 inch by 4 inch or larger.

Recreational users may not cut any trees or limbs to establish or use a tree stand, ladder, or blind. DLLT does not permit the insertion of any metallic, ceramic, or other object into a tree for the purpose of erecting a ladder, tree stand, or blind, or for any recreational purpose.

No tree stand, ladder, or blind may be left unattended on DLLT land for more than 20 days after its last use.

Under no circumstances may a tree stand, ladder, blind, or camera be left on DLLT property for more than 120 total days in any one year period. No tree stand, ladder, or blind on DLLT property shall be visible from any lake or pond between May 1 and December 1.

Tree stands, ladders, blinds, or cameras that do not conform with this policy may be removed and disposed of by DLLT at the owner's expense.

A specific permit is not required for uses that comply with this policy. This policy may be changed by DLLT at any time.
